

IPH 2026

29 TO 31 AUGUST, 2026 | TEHRAN, IRAN

ABOUT the EVENT

Health Tourism Development Center of Islamic Countries (HTDC), in collaboration with leading international healthcare and hospital organizations, is proud to host the *International Private/Public Hospitals Congress & Exhibition (IPH2026)* from August 29 to 31, 2026, in Tehran, Iran. This highly anticipated event aims to spotlight healthcare capacities across regions, fostering global synergy by sharing expertise, exploring the latest technologies, and strengthening international collaboration in the healthcare and health tourism sectors.

IPH2026 serves as the ultimate platform for hospital executives, healthcare managers and seniors, clinicians, researchers, policymakers, and innovative vendors focused on enhancing healthcare quality, efficiency, and outcomes. The event's comprehensive agenda includes keynote addresses from top industry figures, interactive Panel Discussions, Workshops, Health Tech Talk, and sideline Exhibition showcasing state-of-the-art solutions for healthcare facilities of all sizes and specialties.

More than an event, IPH2026 is a vibrant hub for learning, networking, collaboration, and inspiration. It offers healthcare professionals and stakeholders the unique opportunity to connect with peers, share transformative ideas, and discover new pathways for growth and impact in the healthcare industry.

With participation of healthcare leaders and medical tourism advocates from over 40 countries, IPH2026 is set to be one of the largest and most influential healthcare events of the year. Join us in Tehran to be part of this pivotal gathering and to contribute to the future of global healthcare.

HealthTechTalk

TECHNOLOGIES & INNOVATION • KNOWLEDGE SHARING & NETWORKING

"**Health Tech Talk**" is one of the premier sideline events of **IPH2026**, dedicated to exploring the latest innovations and emerging technologies transforming the future of healthcare, hospitals, and medical tourism worldwide.

This dynamic platform brings together healthcare leaders, technology innovators, startups, hospital executives, researchers, investors, and industry experts to showcase cutting-edge solutions, exchange insights, and discuss how digital transformation is reshaping healthcare delivery, patient experience, and operational excellence.

Participants will gain valuable perspectives on the newest trends, practical applications, investment opportunities, and future directions of health technologies that are driving the next generation of healthcare systems.

Some of the trending technologies and topics that the speakers will discuss:

- Artificial Intelligence (AI) and Machine Learning in diagnostics, clinical decision-making, personalized medicine, and disease prevention
- Smart Hospitals and Digital Transformation Strategies
- Telemedicine, Remote Care, and Virtual Healthcare Platforms
- Robotics, Smart Medical Devices, and Advanced Medical Equipment
- Biomedical Engineering, Nanotechnology, and Innovative Therapeutic Solutions
- HealthTech Startups, Investment Opportunities, and Innovation Ecosystems
- And many more future-focused healthcare innovations

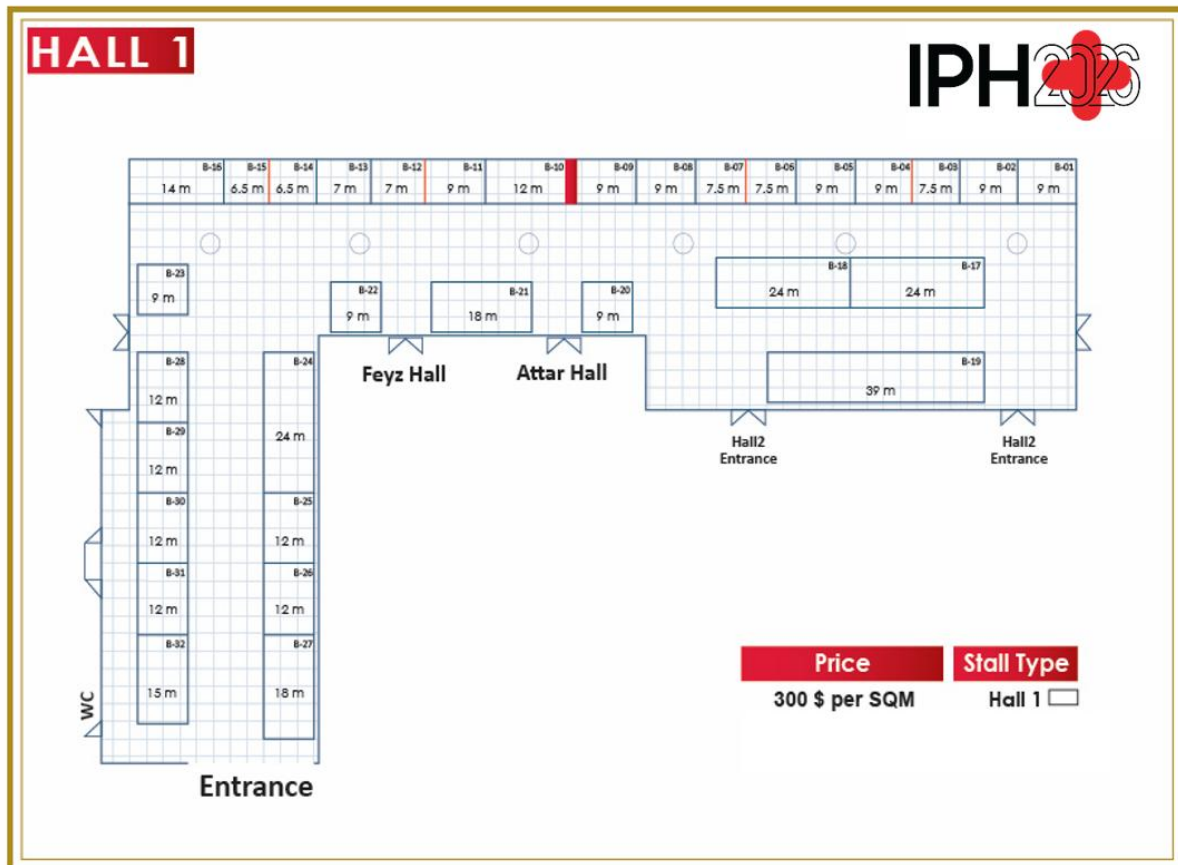

Health Tech Talk also provides exceptional networking opportunities for participants to connect with global healthcare stakeholders, technology providers, investors, policymakers, and innovation leaders.

Whether you are a healthcare professional, hospital executive, entrepreneur, researcher, technology developer, investor, or innovation enthusiast, Health Tech Talk offers a unique opportunity to discover transformative ideas, build strategic partnerships, and be part of the future of global healthcare innovation.
